leg to accommodate
expansion and
contraction

Concealed fasteners
for a clean finish

12" Wide Sheets

Advantages of the RELINE®

- High quality finished surface lasts a lifetime and brightens the interior appearance of the building while reducing energy cost
- Virtually maintenance-free as panels will not warp, rust or corrode and never need to be painted.
- Class A fire rating
- Approved by Canadian Food Inspection Agency (CFIA) and HACCP Canada recommended
- Safe to use in agricultural buildings and food facilities.
